

reMYND is a biopharmaceutical company focused on the development of treatments against protein-misfolding disorders, with two business units:

- ✦ The Drug Discovery and Development (DDD) unit, driving our own pipeline of disease-modifying treatments against diabetes, Alzheimer's, Parkinson's and orphan diseases
- ✦ The CRO unit, a world-wide leader of preclinical Alzheimer's disease contract research in our proprietary transgenic mouse models

Open Position: Quality Associate

Your role:

To provide quality support to reMYND's activities at the DDD and CRO unit:

- ✦ Reviewing and approving in-vivo and in-vitro studies from start to finish: protocols, documentation, data analyses and reports
- ✦ Preparing and realizing study- and process-based quality inspections, follow-up with operators and study directors
- ✦ Managing lab and facility related equipment: keeping database and log books up to date; coordinating (internal/external) validation, calibration, maintenance and corrective efforts
- ✦ Managing non-conformities: active participation in and evaluation/approval of root cause investigations, impact assessments (FMEA) and corrective and preventive actions (CAPA)
- ✦ Supporting the optimization of quality-related business processes e.g. implementation of new equipment, IT-solutions & database systems
- ✦ Developing and implementing MS Excel- or MS Access-based tools to facilitate study data-analyses
- ✦ Supporting further realization of safety and animal welfare standards including maintaining a SDS and chemical inventory
- ✦ Working in a team of equal minded colleagues under the supervision of the Quality Manager
- ✦ Planning your own activities on a weekly basis in order to deliver committed results

Your background, skills and attitude:

- ✦ Holder of master's degree in biology, bio-medical sciences or biotechnology
- ✦ General knowledge of quality guidelines (GLP) with initial experience in a quality position
- ✦ A results oriented, outgoing attitude with a high level of energy; able to work closely in a team; eager to learn
- ✦ Familiar with MS Word, MS Access and an advanced MS Excel user
- ✦ Fluent in Dutch and English
